Dismissal) Latch Key Available.

Jun 14 (Fri) **Graduation Ceremony**

(Thu)

Assalamu Alaikum WRWB Dear Parents.

Alhmd we have already finished the second quarter of the 2018-19 school year. As the days are passing, our students are actively learning and becoming smarter & well mannered. In a couple of days, we will be completing 100 days of school (iA), a milestone which we look forward to celebrate with educational projects & activities.

In the month of April, we will be learning about one of the important parts of our deen and Islamic curriculum: the steps of Hajj through a simulation (iA). Please plan on attending this exciting event. The PTO will also be doing its annual bake sale. We have other special events coming up, and we will be emailing the dates of the upcoming events as they are finalized (iA).

Our staff puts in extra efforts day in and day out; may Allah SWT bless them & their families and may Allah SWT bless our students and their families. Ameen

Jazakallah Khair to you all for being a part of Noor Academy Family! Anjum Sultana

Field day/ Potluck picnic

Apple Picking Field Trip

In October, the Noor Academy students visited West View Orchard. Parents, students, and all of the staff members came out together in great numbers to enjoy a fun-filled hayride that took them to the orchard to pick delicious apples. After that, they were treated with freshly baked donuts and sweet apple cider.

The children loved climbing the hay mountain and playing in the wooden playsets and tunnels to their heart's' content. A petting farm with many animals was an added bonus to all the fun. All in all, it was a fantastic time well spent with Noor Academy families.

Fun Run

The Fun Run is one of our major PTO fundraisers. We truly appreciate all the funds that the parents donate, and it will be used to fund enriching programs for the students. The Fun Run event was not only for fundraising; it also focuses on teaching the students to be active and stay healthy. The students looked terrific in their class assigned spirit color t-shirts. They stretched and then began running laps in the gym with their parents and teachers cheering them on. It was a lovely sight to see the team effort, hard work, and determination shown by all of the students. The Fun Run ended with a delicious treat of snacks and rewards.

Prophet صلىالله 'S Favorite Food

Alhmd our yearly event of the Prophet Muhammad المالية 's favorite foods gives the students an opportunity to eat and appreciate the Prophet المالية 's favorite foods.

They also learn about healthy food choices and the etiquettes of eating, focusing on duas, sharing food, and finishing the meal on the plate. Students enjoyed reciting and listening to nasheeds reflecting the love for the Prophet

To appreciate the parents and provide them with a break from their daily routine of packing food...

...we started a few Snack & Lunch Free days.

PTO funds and the school provide food on these days.

"Mad Science" sponsored by PTO funds

Parents' donations towards the PTO are used to fund special educational projects and extracurricular activities, such as this in-house field trip "Mad Science."

It was an excellent opportunity for the students to learn scientific concepts while doing live experiments.

Thanksgiving

In honor of the first Thanksgiving in November, the PTO organized a Thanksgiving feast for the students. The students learned about the importance of being thankful for Allah SWT and helping people in need. To celebrate the day, the 1st and 2nd grade students recited the poem "50 US States" and the nasheed "Give thanks to Allah SWT"

Again this day was a Snack & Lunch Free day. PTO funds & school provided food.

The parents helped to prep the blankets, while the students tied creative and unique knots to make them into beautiful blankets.

The blankets were donated to cancer patients through an organization "Fleece & Thank You"

Class Moments

Every day, our students go through an intense routine of learning to accomplish their goals. We have been focusing on public speaking for our elementary grade students so that they can feel more comfortable to speak in front of large groups. For most of our events, they have been presenting in front of the entire school confidently MasahaAllah.
